I would like to tell you what a huge hit the photo booth was at my daughter's wedding! Our guests absolutely loved it and the guest book was the first thing my daughter wanted to see Monday morning. The booth attendant was charming and professional. Everything about the experience was first-class and I would recommend it to anyone. I overheard many people saying it was a unique and fun addition to the reception, which was a pretty rocking party anyway.

Thanks again. Worth every penny.
